Notice Regarding Technical Center Box Issue Fee Mailings

The Office will begin mailing address labels with the PTOL-85, "Notice of Allowance and Issue Fee Due" for patent applications allowed in all Technology Centers. These address labels should be used to ensure proper routing of post-allowance correspondence. This directive supersedes the "Special Boxes for Patent Mail" instruction. Any Notice of Allowance and Issue Fee Due received without the accompanying address labels should continue to be addressed to Box Issue Fee.

Miscellaneous Changes to Trademark Trial and Appeal Board Rules; Correction

AGENCY: Patent and Trademark Office, Commerce.

ACTION: Correcting amendment.

SUMMARY: This document contains corrections to the rules relating to discovery, motions, and the fee for recording documents, and to the title of Part 3 of Volume 37 of the Code of Federal Regulations.

EFFECTIVE DATE: September 30, 1998.

FOR FURTHER INFORMATION CONTACT: Ellen J. Seeherman, Administrative Trademark Judge, Trademark Trial and Appeal Board, by telephone at (703) 308-9300, extension 206; or by mail marked to her attention and addressed to Assistant Commissioner for Trademarks, Box TTAB-No Fee, 2900 Crystal Drive, Arlington, Virginia 22202-3513; or by facsimile transmission marked to her attention and sent to (703) 308-9333.

SUPPLEMENTARY INFORMATION: On September 9, 1998, the Patent and Trademark Office published a final rule entitled "Miscellaneous Changes to Trademark Trial and Appeal Board Rules" in the *Federal Register* (63 FR 48081).

There is an error on page 48093, column 2, in the discussion of the amendment of Section 2.127(a), which states that "if a motion for an extension of time to file a brief in response to a motion is denied, the time for responding to the motion for summary judgment may remain as specified under this section." The words "for summary judgment" should be deleted.

Section 2.120(a) was amended to clarify certain Board practices and to change certain provisions relating to discovery. When the final rule was printed, this section was incorrectly published as two paragraphs instead of one. Section 2.120(a) should appear as a single paragraph.

Section 2.127(a) was amended to, inter alia, provide that the Board may, in its discretion, consider a reply brief. As published, however, a comma was erroneously placed after the word "Board" rather than after the word "may."

Section 3.41 was amended in order to correct a cross-reference to the section relating to the fee for recording a trademark document. However, an earlier version of § 3.41 was inadvertently inserted. The version of § 3.41 as published in the Federal Register on October 10, 1997, 62 FR 53132, 1203 TMOG 63 (October 21, 1997), which became effective December 1, 1997, should be reinserted with the corrected cross-reference.

Finally, the title of Part 3 of Volume 37 of the Code of Federal Regulations was erroneously listed as "Rules of Practice in Trademark Cases." It should remain as "Assignment, Recording and Rights of Assignee."

List of Subjects

Accordingly, 37 CFR Parts 2 and 3 are corrected as follows:

PART 2—RULES OF PRACTICE IN TRADEMARK CASES

1. The authority citation for part 2 continues to read as follows:

Authority: 15 U.S.C. 1123; 35 U.S.C. 6.

2. Section 2.120(a) is correctly revised to read as follows:

§ 2.120 Discovery.

(a) *In general.* Wherever appropriate, the provisions of the Federal Rules of Civil Procedure relating to discovery shall apply in opposition, cancellation, interference and concurrent use registration proceedings except as otherwise provided in this section. The provisions of the Federal Rules of Civil Procedure relating to automatic disclosure, scheduling conferences, conferences to discuss settlement and to develop a discovery plan, and transmission to the court of a written report outlining the discovery plan, are not applicable to Board proceedings. The Trademark Trial and Appeal Board will specify the opening and closing dates for the taking of discovery. The trial order setting these dates will be mailed with the notice of institution of the proceeding. The discovery period will be set for a period of 180 days. The parties may stipulate to a shortening of the discovery period. The discovery period may be extended upon stipulation of the parties approved by the Board, or upon motion granted by the Board, or by order of the Board. If a motion for an extension is denied, the discovery period may remain as originally set or as reset. Discovery depositions must be taken, and interrogatories, requests for production of documents and things, and requests for admission must be served, on or before the closing date of the discovery period as originally set or as reset. Responses to interrogatories, requests for production of documents and things, and requests for admission must be served within 30 days from the date of service of such discovery requests. The time to respond may be extended upon stipulation of the parties, or upon motion granted by the Board, or by order of the Board. The resetting of a party's time to respond to an outstanding request for discovery will not result in the automatic rescheduling of the discovery and/or testimony periods; such dates will be rescheduled only upon stipulation of the parties approved by the Board, or upon motion granted by the Board, or by order of the Board.

3. Section 2.127(a) is correctly revised to read as follows:

§ 2.127 Motions.

(a) Every motion shall be made in writing, shall contain full statement of the grounds, and shall embody or be accompanied by a brief. Except as provided in paragraph (e)(1) of this section, a brief in response to a motion shall be filed within fifteen days from the date of service of the motion unless another time is specified by the Trademark Trial and Appeal Board or the time is extended by stipulation of the parties approved by the Board, or upon motion granted by the Board, or upon order of the Board. If a motion for an extension is denied, the time for responding to the motion may remain as specified under this section. The Board may, in its discretion, consider a reply brief. Except as provided in paragraph (e)(1) of this section, a reply brief, if filed, shall be filed within 15 days from the date of service of the brief in response to the motion. The time for filing a reply brief will not be extended. No further papers in support of or in opposition to a motion will be considered by the Board. Briefs shall be submitted in typewritten or printed form, double spaced, in at least pica or eleven-point type, on letter-size paper. The brief in support of the motion and the brief in response to the motion shall not exceed 25 pages in length; and a reply brief shall not exceed 10 pages in length. Exhibits submitted in support of or in opposition to the motion shall not be deemed to be part of the brief for purposes of determining the length of the brief. When a party fails to file a brief in response to a motion, the Board may treat the motion as conceded. An oral hearing will not be held on a motion except on order by the Board.

PART 3—ASSIGNMENT, RECORDING AND RIGHTS OF ASSIGNEE

4. The authority citation for Part 3 continues to read as follows:

5. The title of Part 3 is correctly revised to read as follows:

Part 3—ASSIGNMENT, RECORDING AND RIGHTS OF ASSIGNEE

6. Section 3.41 is correctly revised to read as follows:

§ 3.41 Recording fees.

(a) All requests to record documents must be accompanied by the appropriate fee. Except as provided in paragraph (b) of this section, a fee is required for each application, patent and registration against which the document is recorded as identified in the cover sheet. The recording fee is set in § 1.21(h) of this chapter for patents and in § 2.6(b)(6) of this chapter for trademarks.

(b) No fee is required for each patent application and patent against which a document required by Executive Order 9424 is to be filed if:

(1) The document does not affect title and is so identified in the cover sheet (see § 3.31(c)(2)); and

(2) The document and cover sheet are mailed to the Office in compliance with § 3.27(b).

RIN 0651-AA96

Revision of Patent Fees for Fiscal Year 1999

AGENCY: Patent and Trademark Office, Commerce.

ACTION: Final rule; Delay of effective date.

SUMMARY: The Patent and Trademark Office (PTO) published a final rule in the *Federal Register* of July 24, 1998, that revised certain patent fee amounts for fiscal year 1999. Since then, a continuing resolution appropriations bill has been passed by the Congress and signed by the President. The continuing resolution maintains patent fees at their September 1998 (fiscal year 1998) rates through October 9, 1998. This document delays the effective date of the PTO's final rule until October 10, 1998, unless it is superseded by law.

DATES: The effective date of the final rule published at 63 FR 46891, July 24, 1998, and corrected at 63 FR 46891, September 3, 1998, is delayed until October 10, 1998, unless it is superseded by law. If this date is superseded by law, PTO will publish further notice in the Federal Register.

FOR FURTHER INFORMATION CONTACT: Matthew Lee by telephone at (703) 305-8051, fax at (703) 305-8007, or by mail marked to his attention and addressed to the Commissioner of Patents and Trademarks, Office of Finance, Crystal Park 1, Suite 802, Washington, D.C. 20231.

SUPPLEMENTARY INFORMATION: The Patent and Trademark Office (PTO) published a final rule in the *Federal Register* of July 24, 1998, that revised certain patent fee amounts for fiscal year 1999 (63 FR 39731). See also 63 FR 46891 (September 3, 1998) (correcting one of the fee amounts specified in the July 24, 1998 final rule). Since then, a continuing resolution appropriations bill was passed by the Congress and signed by the President on September 25, 1998. *See* H.R. Res. 128, P.L. 105-240 (1998). It maintains patent fees at their September 1998 (fiscal year 1998) rates through the period of the continuing resolution enacted on September 25, 1998, which expires October 9, 1998. The continuing resolution supersedes the July 24, 1998, final rule on revision of patent fees for fiscal year 1999. Accordingly, this notice delays the effective date of the final rule until October 10, 1998. Additional continuing resolutions could further extend the fiscal year 1998 fee rates into fiscal year 1999.

Legislation is still pending in the Congess to set new patent fees for fiscal year 1999. If an appropriations or authorization bill authorizing new patent fees is enacted prior to the expiration of a continuing resolution, it will supersede the continuing resolution. Patent customers should refer to the official PTO website (www.uspto.gov), or call the PTO General Information Services Division at (703) 308-4357 or (800) PTO-9199, for the most current fee amounts and information.

Reference Collections of U.S. Patents and Trademarks
Available for Public Use in Patent and Trademark Depository Libraries

The following libraries, designated as Patent and Trademark Depository Libraries (PTDLs), receive patent and trademark information from the U.S. Patent and Trademark Office. Many PTDLs have on file patents issued since 1790, trademarks published since 1872, and select collections of foreign patents. All PTDLs receive both the patent and trademark sections of the *Official Gazette of the U.S. Patent and Trademark Office* and numerical sets of patents in a variety of formats. Patent and trademark search systems in the Cassis CD-ROM series are available at all PTDLs to increase access to that information. It is through the CD-ROM systems and other depository materials that preliminary patent and trademark searches may be conducted through the numerically arranged collections.

Each PTDL offers reference publications which outline and provide access to the patent and trademark classification systems, as well as other documents and publications which supplement the basic search tools. PTDLs provide technical staff assistance in using all materials.

All information is available for use by the public free of charge. However, there may be charges associated with the use of on-line systems, photocopying and related services.

Since there are variations in the scope of patent and trademark collections among the PTDLs, and their hours of service to the public vary, anyone contemplating use of these collections at a particular library is urged to contact that library in advance about its collections, services, and hours in order to avert possible inconvenience.

Partnership PTDLs provide enhanced and expanded services for which fees are charged. They offer on-line patent text and image searching, on-line trademark searching, and videoconferencing for examiner interviews and workshops. They accept disclosure documents on site, order file wrappers, assignment documents and certified copies for their customers, and host a variety of seminars aimed at specific audiences, including practitioners, paralegals, and independent inventors. Currently, partnerships are located at the Great Lakes Patent and Trademark Center (GLPTC) at the Detroit Public Library in Detroit, Michigan and the Sunnyvale Center for Innovation, Invention and Ideas (SCI³) in Sunnyvale, California.

*A communication from the examiner should have been received in most applications filed prior to this date.

Patents will Expire as Follows:
(1) The term of any utility or plant patent that is in force on or results from an application filed before June 8, 1995 is the greater of the 20 year term provided in 35 U.S.C. 154(a)(2) or 17 years from grant subject to any terminal disclaimers. 35 U.S.C. 154(c)(1).
(2) All utility and plant patents granted on applications having an actual United States filing date on or after June 8, 1995 are granted for a term which begins on the date on which the patent is granted and ends 20 years from the date on which the application was filed in the United States. If the application contains a specific reference to an earlier application under 35 U.S.C. 120, 121 or 365(c), the patent term ends twenty years from that date on which the earliest application was filed. 35 U.S.C. 154(a)(2).
(3) All design patents are granted for a term of 14 years from the date of the grant.
However, the term of any patent may have been curtailed by disclaimer under the provisions of 35 U.S.C. 153, have lapsed due to failure to pay maintenance fees, or have been extended under the provisions of 35 U.S.C. 154, 155, or 156. Thus, if more reliable information is needed with respect to a particular patent, then the specific patent file should be reviewed to determine the actual date of patent expiration.

SECTION 2.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).

SECTION 1.—INTERNATIONAL CLASSIFICATION

The short titles associated below with the international class numbers are terms designed merely for quick identification and are not an official part of the international classification. The full names of international classes are given in section 6.1 of the trademark rules of practice.

The designation "U.S. Cl." appearing in this section refers to the U.S. class in effect prior to Sep. 1, 1973 rather than the international class which applies to applications filed on or after that date. For adoption of international classification see notice in the OFFICIAL GAZETTE of Jun. 26, 1973 (911 O.G. TM 210).
